

COVID-19 PROTOCOLS

We are open and ready to welcome guests back to our paradise on the Zambezi River!

For that perfect mix of idyllic relaxation and adventure travel, along with unbeatable sights, The River Club is the ultimate destination. At The River Club we are confident we are able to provide a safe and healthy environment in which to take care of our staff and guests in a relaxed atmosphere without relinquishing any of our famous flexibility.

Our COVID protocols are based on recommendations by the Zambia Ministry of Health and the Zambia Tourism Agency in combination with supplementary measures recommended by various other local and international industry stake-holders. Only 18 km / 11 miles upstream from the Victoria Falls, escape the crowds at our tranquil location, and enjoy our spacious suites and magnificent perspectives of the Zambezi River. Explore our haven.

BEFORE ARRIVAL

- The River Club will provide updated information in this respect at the time of booking.
- At the time of preparing this document, a **SARS CoV2 PCR test certificate** dated **7-days** or less before travel, showing a negative result, is required for presentation at point of entry to Zambia.
- The River Club will e-mail guests a **COVID Track & Trace Form** to be completed and returned in advance of arrival.
- All guests' full names, nationality and ages are to be supplied in advance.
- **Please bring your own:**
 - Hand sanitiser (small personal sanitisers are for sale in the lodge shop)
 - Face masks and/or gloves (locally made masks are for sale in the lodge shop)
 - Pen
 - Raincoat or splash-jacket for visiting Victoria Falls

ON ARRIVAL IN ZAMBIA

- A **Zambian Ministry of Health Medical & Health Declaration** is to be submitted at point of entry.
- For qualifying nationalities, visas are being issued at point of entry as usual. It is advisable to carry sufficient **USD CASH** for visas (credit card facilities can be unreliable at Immigration points).
- As per the **Zambian Ministry of Health**, visitors are to observe COVID-19 precautionary measures such as maintaining physical distancing in public (very easy to do at The River Club), wear masks and practice safe hygiene etc.

ON ARRIVAL AT THE LODGE

The River Club arrival transfers;

All vehicles are thoroughly deep cleaned and sanitised before and after every transfer. This applies to our own vehicles and any 3rd party operated vehicles we may book on behalf of guests.

Guests will be asked to sanitise their hands before embarking the vehicle.

The River Club driver will wipe luggage before loading.

On arrival at the lodge;

Immediately after disembarking the vehicle, guests will be asked to sanitise their hands.

Room hands will disinfect luggage before taking it to the rooms.

Guest temperatures will be taken and recorded on the Track and Trace Form.

Check-In at the lodge;

After enjoying a welcome drink, the **COVID Track and Trace Form** for the individual or group will be checked and finalised by the Manager handling the check-in process.

The usual check-in process then continues and includes details of our safety and hygiene practices.

GUEST ROOMS

All guest rooms are deep-cleaned before arrival by housekeeping staff wearing masks and gloves.

Appropriate disinfectants to clean all surfaces and high-touch points are used.

During your stay, rooms are thoroughly cleaned in the morning and given another once-over during bed turn-down in the evening.

Rooms are deep-cleaned again on departure before the next guest checks in and wherever possible a period of 24-hours is given before the next occupant.

LAUNDRY

Guest laundry is handled and washed separately from staff uniforms and other laundry. Laundry personnel wear masks when handling laundry. Laundry is washed in strong disinfectant and hot water. Depending on weather conditions, laundry is air-dried on an enclosed under-roof washing line or in a tumble drier. Ironing is done by a laundress wearing a mask and gloves using a steam iron.

COMMON AREAS & SOCIAL DISTANCING

The River Club communal spaces and surrounding grounds are the perfect setting that enables natural social distancing between groups. People within the same group may practice their own social distancing or not, as they prefer. Guests are reminded to please be mindful of social distancing from other groups.

As far as logistics allow, The River Club will do best to allocate one vehicle per group. In cases where this is not possible, guests are asked to practice social distancing within a shared vehicle. The same principle will apply to boat cruises. Boats are thoroughly sanitised before and after all cruises.

FOOD & DINING

The lodge kitchen practices full COVID hygiene measures and as always, anything that comes from our kitchen is healthy and safe. Wait-staff are trained on how to deal with guests while taking orders and delivering food and beverages in a safe manner. All meals will be served plated. Guests may request a socially-distanced or non-socially distanced table setting. All groups, couples and individuals will dine privately in one of our many idyllic settings. Tables will be served by a dedicated member of the wait-staff.

STAFF you can trust

All staff has been instilled with the practice of safe personal hygiene at all times. Temperatures are taken 3 times daily. Hands are frequently washed and sanitised. Staff wear masks at all times. All guest-facing personnel practice social distancing. Staff have been trained on hospitality COVID protocols by an International hotel chain here in Livingstone who operate two major hotels locally.

ZAMBIAN HEALTH AUTHORITIES and TESTING FOR ONWARD TRAVEL

In the event of a guest or staff member having a temperature or is otherwise suspected of being in a state of COVID infectiousness, The River Club will be in contact with the local COVID Task Team who will come to the lodge to do a health assessment and advise if further action is required and what that action will be. The affected guest will need to self-isolate in their room until the Task Team comes.

- SARS CoV2 PCR test certificate if required for onward travel

For those requiring a fresh COVID-Negative test certificate for onward travel, this is obtainable at Livingstone General Hospital at a cost of around USD 75 per test plus an additional USD 15 for the certificate itself. Depending on availability at Livingstone General Hospital, testing at a private facility is an option and costs around USD 170 plus USD 15 for the certificate. In both cases please allow at least 24-hours for the results. The River Club team at the lodge will assist to facilitate testing.

THE RIVER CLUB'S COVID GUARDIAN

The River Club's COVID Protocols Officer is Operations Manager Charmaine Brogan.
