

A KOSHER EXPERIENCE ON THE ZAMBEZI RIVER

KOSHER CUISINE AT THE CLUB 2019

The history of Zambia's small Jewish community is a personal passion for Peter Jones, an owner of The River Club. His enthusiasm for the subject has led him on a journey from the past to the present. Along the way, Peter decided The River Club would offer an opportunity for those seeking to visit the Zambezi River and Victoria Falls, while remaining observant.

KOSHER CUISINE & CULINARY OPTIONS: Kosher Kitchen 1 and Kosher Kitchen 2

Our Kosher Kitchen 1 offers a variety of mouth-watering menus – you won't find 'chazerei' here. Kosher Kitchen 1 has been set up to follow the laws of Kashrut and guests are invited to view the set-up, or to visit during meal preparation times.

A Dedicated Kosher kitchen is available (Kosher Kitchen 2), under the supervision of the Johannesburg Beth Din, and requires a qualified Mashgiach to be present for preparation of all meals for strictly observant guests. As Livingstone does not have a resident Jewish community, should you wish to make use of this option we can put you in touch with the kitchen's manager to arrange for a Mashgiach and kosher chef (quotes available on request). We offer the Dedicated Kosher option to groups of four or more guests staying for 3 or more nights; smaller groups are welcome to request more information regarding costs.

JEWISH HERITAGE IN LIVINGSTONE, ZAMBIA

EXPERIENCES AND HISTORY FOR KOSHER GUESTS

JEWISH HERITAGE IN LIVINGSTONE

Amongst the earliest European settlers north of the Zambezi were Jews from the Baltic states of the Russian Empire, now Lithuania and Latvia. Jewish traders played an important role at the Old Drift on the Zambezi riverbank and the, then new, town of Livingstone which was laid out in 1905. During that year, the Czar of Russia had an attempt on his life and, as a result of the heavy-handed follow up by the secret police on various communities, another wave of Jewish immigrants came from Lithuania.

There were a great number of Jewish people in Livingstone by this time, and so a Hebrew Congregation was established. Once the Soviets gained power in Russia, the 1920's saw the arrival of more people in Africa and the Jewish communities in Livingstone grew further and the foundation stone of the synagogue, now the Church of Christ, was laid in 1928 by Eli Susman.

Livingstone's Jewish population increased in the late 1930's with an influx of German-Jewish refugees fleeing the Nazi regime. Northern Rhodesia (Zambia) was one of only two countries in the world not to refuse visas to Jews at the time. There was an even larger influx of Polish refugees during the Second World War, and a community of Polish Jews was founded upstream of our Lodge.

TOURS & HISTORICAL EXPERIENCES

There are three historical tour options available, the Railway Jewish Museum, Livingstone Museum and Livingstone Town. To experience the best of Livingstone's historical highlights, we recommend booking the Historic Tour Combo (which includes visits to all three locations). The tours usually begin with a discussion about the reasons for the Jewish communities of other parts of the world came to this part of Africa. The talks move through the foundation of Livingstone town, the arrival of the Jewish people under persecution, their role in the community and the where they have moved on to today. Take time to explore the museums, cemetery and town to gain further insight into the fascinating heritage of Livingstone.
